

Fun things to do this week...

Build a den

- Grab cushions and blankets and build your own den.
- You might want to take snacks and enjoy your favourite book or cosy up and watch a film.

Maths Games

If this is the answer, what is the question?

Play along with your family and write as many calculations you can think of that will have the answer of 462.

It could be any type of mathematical question for example addition, subtraction, multiplication, division.

You can change up the answer every time you play.

Who in your family will be able to come up with the most calculations in one minute?

Fancy an Easter egg hunt?

Grab your pens and paper and create your own.

Draw, decorate and cut out your creations and ask your family to hide them around your house.

How long will it take you to find them all?

you're
BRAVER
THAN YOU BELIEVE,
STRONGER
THAN YOU SEEM,
and
smarter
THAN YOU THINK.

- A.A. Milne -

Can you create a 'cosmic' drawing of a character?

Draw a picture of your what you think your favourite character from our class text 'Cosmic' looks like.

If you're up to the challenge, you can write a character description to match your drawing.

Who will you choose Florida, Samson I, Monsieur Martinet, Liam or any of the other unusual characters?

Ask your parents/carers to send a photograph over to our school Facebook page so Miss Freeman and Miss Pearce can see your drawings.
