

Year 5 Maths

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14
Term 1	Revision Ready to progress criteria from previous year			Unit 1: Number and place value (Represent integers with six or more digits)	Unit 2: Multiplication and division (Factors and multiples; mental and written methods; problems involving multiplication and division)			Unit 3: Geometry: properties of shapes (Estimate, measure, draw and use angles; reason and problemsolve with angles)	Unit 4: Fractions (including decimals and percentages) (Fractions in different forms; adding and subtracting fractions; decimal fractions)			Unit 5: Addition and subtraction (Adding and subtracting using different methods)	Consolidation	
Term 2	Unit 6: Measurement (Perimeter problems; volume and capacity)	Unit 7: Number and place value (Large positive integers are all around us)	Unit 8: Multiplication and division (Primes, composites, multiples and factors; mental and written methods for division)		Unit 9: Geometry : properties of shapes (Construct shapes with given properties)	Unit 10: Fractions (including decimals and percentages) (Understanding equivalences; percentages)		Unit 11: Statistics (Line graphs)	Unit 12: Addition and subtraction (Missing numbers and solving problems in context)	Unit 13: Measurement (Calculate, estimate and compare areas)	Unit 14: Geometry : position and direction (Reflect and translate shapes in the first quadrant)	Consolidation		
Term 3	Unit 15: Number and place value (Interpret and solve problems involving negative numbers in context)	Unit 16: Multiplication and division (Recognize and represent square and cube numbers; multiply and divide whole and decimal numbers by 10, 100 and 1000; solve problems strategically using squares, cubes, equivalence and simple rates)			Unit 17: Geometry: properties of shapes (Identify and name 3D shapes from 2D representations)	Unit 18: Fractions (including decimals and percentages) (Operating on fractions; percentages and problem solving)		Unit 19: Statistics (Present and interpret data in tables)	Unit 20: Addition and subtraction (Making decisions when calculating)	Unit 21: Measurement (Metric and imperial units in everyday contexts)	Consolidation
